

# Science Activities

INDEX TO VOLUME 36  
SPRING 1999—WINTER 2000

## ARTICLES

- "Beyond the Classroom: Linking with Informal Education." Melber, L. M. and L. M. Abraham. 36(1): 3-4.
- "Coming Full Circuit: An Integrated Unit Plan for Intermediate and Middle Grade Students." Sandmann, A., W. B. Weber Jr., C. Czerniak, and J. F. Ahern. 36(3): 13-20.
- "Dishpan Oil Spill." Cromwell, R. 36(2): 18-21.
- "Dive into Research at the Aquarium." Cox-Petersen, A. M. 36(3): 34-36.
- "Food Web Forage." Pfaffinger, J. 36(3): 9-12.
- "How to Guide a Field Trip." McLure, J. 36(3): 3.
- "Inquiry with Earwigs." Thompson, S. S. 36(1): 21-25.
- "Insect Olympians." Parrott, A. M. 36(1): 9-13.
- "Integrating Science, Mathematics, and Sociology in an Inquiry-Based Study of Changing Population Density." Schlenker, R. M. and K. R. Schlenker. 36(4): 16-19.
- "Keeping Warm." Shaw, S. 36(1): 26-30.
- "Light, Color, and Mirrors." Tiburzi, B., L. Tamborino, and G. A. Parker. 36(4): 25-28.
- "Moon Watch: A Parental-Involvement Homework Activity." Rillero, P., M. González-Jensen, and T. Moy. 36(4): 11-15.
- "The Northern Mockingbird: An Introduction to Ethology for High School Students." King, J. D. and C. E. Matthews. 36(3): 27-32.
- "Not Only Fish." Parrott, A. M. 36(3): 22-25.
- "The Not-So-Aloof Luffa." Baize, D. H. and C. E. Matthews. 36(2): 22-27.
- "Plastic Jellyfish." Moseley, C. 36(4): 30-31.
- "Science: The 3 C's and the Big D." Jemison, M. C. 36(4): 3-5.
- "Seeing Sea Shells . . . in the Classroom."

- Melber, L. M. 36(1): 18-20.
- "Studying Land Snails: Inquiry with K-W-L or Four Question Strategies." Coleman, P., R. Thiessen, D. Wilson, B. Arey, and L. H. Barrow. 36(2): 28-30.
- "Using Biotechnology to Stimulate Interest in Freshman Biology." Brown Jr., T. J. 36(2): 31-37.
- "The Versatile Onions." Lew, L. Y. 36(2): 10-17.
- "Water Crossings." Moseley, C. 36(1): 14-17.
- "What Are the Moon's Dark Areas? Students Test Their Predictions to Learn about Patterns of Light and Darkness on the Moon." Bar, V., Z. Evry, and B. Zinn. 36(4): 20-23.
- "Why Study Plants? Why Not?" Reinsvold, R. 36(2): 3-5.

## AUTHORS

- Abraham, L. M. *See* L. M. Melber.
- Ahern, J. F. *See* A. Sandmann.
- Arey, B. *See* P. Coleman.
- Baize, D. H. "The Not-So-Aloof Luffa." 36(2): 22-27.
- Bar, V. "What Are the Moon's Dark Areas? Students Test Their Predictions to Learn about Patterns of Light and Darkness on the Moon." 36(4): 20-23.
- Barrow, L. H. *See* P. Coleman.
- Brown Jr., T. J. "Using Biotechnology to Stimulate Interest in Freshman Biology." 36(2): 31-37.
- Coleman, P. "Studying Land Snails: Inquiry with K-W-L or Four Question Strategies." 36(2): 28-30.
- Cox-Petersen, A. M. "Dive into Research at the Aquarium." 36(3): 34-36.
- Cromwell, R. "Dishpan Oil Spill." 36(2): 18-21.
- Czerniak, C. *See* A. Sandmann.
- Evry, Z. *See* V. Bar.
- González-Jensen, M. *See* P. Rillero.
- Jemison, M. C. "Science: The 3 C's and the Big D." 36(4): 3-5.
- King, J. D. "The Northern Mockingbird: An Introduction to Ethology for High School Students." 36(3): 27-32.
- Lew, L. Y. "The Versatile Onions." 36(2): 10-17.
- Matthews, C. E. *See* D. H. Baize.
- Matthews, C. E. *See* J. D. King.
- McLure, J. "How to Guide a Field Trip." 36(3): 3.
- Melber, L. M. "Beyond the Classroom: Linking with Informal Education." 36(1): 3-4.
- Melber, L. M. "Seeing Sea Shells . . . in the Classroom." 36(1): 18-20.
- Moseley, C. "Plastic Jellyfish." 36(4): 30-31.
- Moseley, C. "Water Crossings." 36(1): 14-17.
- Moy, T. *See* P. Rillero.
- Parker, G. A. *See* B. Tiburzi.
- Parrott, A. M. "Not Only Fish." 36(3): 22-25.
- Parrott, A. M. "Insect Olympians." 36(1): 9-13.
- Pfaffinger, J. "Food Web Forage." 36(3): 9-12.
- Reinsvold, R. "Why Study Plants? Why Not?" 36(2): 3-5.
